Live Action Role-Playing

## VANGUARD

# WELCOME TO THE WORLD OF TYRRA!

NERO is an acronym for the New England Role-playing Organization, an international network of more than 40 live-action role-playing chapters across the United States and Canada which has been entertaining role-players and medieval fantasy enthusiasts since 1989. As a member of NERO International you can freely take your character on a journey across the continent of Avalon to explore new lands and realms.

## YOUR IMAGINATION HAS FOUND A HOME!

Members of NERO create playable characters whom they bring to life through costuming, speech, actions, and mannerisms. Your only limit is your own imagination! With four base classes, thirteen races and dozens of skills to choose from the possibilities are truly endless.

## BE ALL THAT YOU CAN'T BE!

Put down those dice and join us for a weekend of adventure! Replenish yourself or warm by the fire of the local tavern, study the way of magics of both the earth and the stars at the local Celestial & Earth Magic Guilds, build a workshop to enhance your craft, join the militia, become a knight, or raise an undead army. Scour the woods for adventure or rescue a damsel in distress. All this and more...your character's attitudes, ambitions, and history are yours to define.
